Is there mobile phone / wi-fi coverage?
Most of our north island camps have network coverage available. On approximately 1/3 of the camps in the south island there is no network coverage. We do get access to wifi most days and cafes/restaurants often provide access. For many people a highlight of our trips is the remote overnight locations and escaping connectivity!

What is a bush camp?
A bush camp is a campsite usually in a remote or wilderness location with stunning views and basic facilities.
